Food Waste Prediction for a College Canteen

Dataset note: The 120 daily records are simulated sample data for academic demonstration, not actual measurements from a specific college canteen.

Metric	Value
Model	Random Forest Regressor
Total records	120
Training records	96
Test records	24
MAE (kg)	4.459
RMSE (kg)	6.781
R^2 score	0.432
